

**COMMISSION AIDE:** San Diegan Claudette M. Johnson, who has just been appointed to a key staff job with the President's Commission on Civil Disorders, is pictured with Rep. Lionel Van Deerlin, Dem-San Diego, her boss for the past five years. Miss Johnson is taking a one-year leave of absence from Van Deerlin's staff to serve as administrative assistant to David Ginsburg, the commission's executive director. The 11-member commission, headed by Gov. Otto Kerner of Illinois, was created by President Johnson on July 31 to investigate the causes of urban rioting.

# Trustees In Drug Showdown

Grossmont Union High School District Trustees met yesterday afternoon to approve a mandatory curriculum on marijuana and dangerous drugs for all 6,700 students enrolled in the area highs this fall.

The classes are being backed vigorously by Grossmont Superintendent Dr. John T. Warburton, who indicated possible objections from some parents who believe the program would only suggest the use of drugs to other students.

Dr. Warburton has channeled his feelings on the matter to the trustees who have adopted various measures on the topic since last year when a dozen students were expelled from area high schools for being connected with marijuana and narcotics.

A policy of immediate expulsion for any students involved in the use, sale or contact to sell narcotics was adopted by the Trustees last month. Included in the coverage of the policy, is the case of students telling other students where they might obtain the drug.

The drug course to be voted upon by the Trustees would be required of all students and would be administered by the physical education departments with aid from the social studies and science departments.

Dr. Stanley McClintic, assistant superintendent, headed a teacher administrator team that studied the proposed curriculum. He gave four reasons for the mandatory course on narcotics:

1. Provide students with general information on the dangers involved in the use of illegal narcotics and dangerous drugs.
2. Provided students with a knowledge of the law covering them and involvement with dangerous drugs and marijuana.
3. Seek to develop in the minds of the students the seriousness of the problems which can arise from the use of illegal narcotics and dangerous drugs.
4. Supplement the regular narcotics instruction through the social science and science classes.

A pamphlet entitled "no secret", which was first developed by the San Diego City Unified School District will be furnished to the students if the classes are approved along with supplemental material, including another book entitled "facts about narcotics and other dangerous drugs" published by Science Research Associates.

The California State Department of education will provide the teachers with a handbook titled "drug abuse—a source book and guide for teachers".

Two films on LSD and another on the general subject of narcotics will also be made available for the proposed program.

Teachers and individual school administrators will evaluate the course for its content and make suggestions as to means of improving its value.

Dr. Warburton summed up his feelings on the proposed adoption of the course by stating that it was time that we came to the realization that this is a real problem facing us and that the students are aware of it.

## LEMON GROVE REVIEW

Vol. 20, No. 7 Lemon Grove, California Thursday, September 7, 1967 Phone 469-0101 Ten Cents

### Three Local Highs Add Crop Of New Instructors To Staff

Approximately eighty-two teachers new to the Grossmont Union High School District will begin fall classes on Monday, September 11, when eight schools open for the semester.

They will have had a week of preparation during pre-school workshop which gives them the opportunity to become acquainted with their respective schools and colleagues before classroom routine begins. Many are not new to the district but are new to their assignments in the district.

New teachers and their assignments in Lemon Grove, Spring Valley area highs are as follows:

Mount Miguel High: Miss Carolyn Reusch, English; Benjamin Cipriani, Boys PE and Social Studies; Robert Cather, Counselor; William Leep, Compensatory Education; Mrs. Janette Reints, Business; Mrs. Arabelle Moore, German and Spanish; Mrs. Shirley Oates, Girls Physical Education; Mrs. Anne Leder, Business; Mrs. Avriele Barrow, French; and Gary Laso, Educationally Handicapped.

Monte Vista High: Michael Curran, Health and Physical Education; Steven Shoemaker, Metal Shop and Mechanical Drawing; Daniel Stewart, Social Studies and ASB; Miss Joanne Climie, Girls Physical Education; Miss Kathleen Lavelly, Business Education; Owen L. Miller, Biology; Mario Mendez, Boys Physical Education and Geography; William Caluder, Math and Physical Education; Richard Bray, English; Thomas Craw, Spanish; and Miss Patsy Kachenderfer, English.

Helix High: Miss Maria Heimil, Spanish and German; Joe Rockhold, Industrial Arts; Gerald Sheperd, Social Studies; Gordon Nash, Biology; Alvin Larsen, English and Business; Mrs. Caby Anderson, Russian; Parker Olsen, Biology; Miss Norma Basgall, Speech and English; and Miss Sally Jones, Girls Physical Education.

### Adult School To Offer Two More Classes

Grossmont Adult School will offer a class in Remedial Techniques for parents of speech handicapped children starting Tuesday, October 3rd from 7-9 p.m. at Grossmont High School in Room 5 of the EMR Building.

Mrs. Jerry Lewis, Speech and Hearing Therapist, will conduct the class which will cover basic review of common speech defects with helpful remediation techniques and materials for parent use in the home situation.

Individual instruction will be available to parents with regard to specific therapy techniques geared to the child's individual handicap.

### Lemon Grove Youths At Civil Air Camp

Cadet Third Class Richard A. Pacholski, 15, son of Mr. Mrs. John L. Presley, 3215 Crane st., Lemon Grove, and Cadet Sergeant Robert B. Vanderhyde, 16, son of Mrs. Dorothy Vanderhyde, 1723 Ramona st., Lemon Grove, are among the two hundred cadets and senior members of Civil Air Patrol Units having arrived at Maxwell Air Force, Alabama, where they are participating in the 1967 encampment.

The first part of the encampment was held at Eielson Air Force Base, Alaska, but had to be discontinued because of the flooding of Fairbanks and surrounding areas. At the invitation of Brig.

The National Commander of the Civil Air Patrol, and Colonel Rudolph B. Walters, Base Commander, the site of General William W. Wilcox, Maxwell AFB was selected for the completion of the CAP training.

The encampment members were greeted by a representative of the 3800th Air Wing, Major Paul Florino, Jr., as cadets and seniors assembled in the Squadron Officer School auditorium. Major Florino had just returned from escort duty in Europe with the CAP International Air Cadet Exchange program.

Lt. Col. Myron K. Rogers is the Encampment Commander.

### Twelve Month School Year Seen

There are faint rustlings in the legislative background regarding the almost total disuse of school buildings during the long summer vacation.

The question of what to do about these buildings has plagued many taxpayers for years.

This year, in July, the State Senate approved Assembly Bill 331 by which the Superintendent of Public Instruction is authorized to make a study of year-around high school.

An experiment is scheduled to commence Sept. 1, 1968 at one public high school of grades 10 through 12, inclusive and it requires the Department of Education, in concert with other departments, to start at once on a comprehensive plan for such experimental programs.

While the bill is primarily aimed at establishing such a project in Oakland, it would allow any district in the state to apply for a similar project.

There is much to be said for the program. Students could be graduated in three years — reducing the drop-out tendency. Theoretically, no additional instructors would be needed. However, this is an area where teachers' organizations and school trustees would have to do some spadework.

The program would not only put idle school buildings to use, it would give instructors more time with slower students.

Against the program, it is said, are parents. Parents do not want to leave their youngsters in school during the summer. It interferes with family vacations.

The test program was authorized by legislature two years ago but the test never got off the ground. Under AB 331 the Department of Education is required to give it a whirl.

One idea we are sure the Oakland people explore, is the vacation period. If this is the only obstacle it could be overcome by cutting out some of the school holidays which crop up unexpectedly during the school year — and by cutting down on Christmas and Easter vacation periods. The student could then be given a two or three week vacation at a time which coincides with the family vacation period.

All it would take is a little planning. The luxury of closing expensive facilities one fourth of the time is probably on its way out.

### Trash Is Acute Problem

The United States is generating some 400,000 tons of trash a day — about four pounds for every man, woman and child in the nation, reported Rep. Lionel Van Deerlin last week.

He foresees a tremendous problem in disposing of these solids — both in cost and effort. He has supported a program by which a study of the problem is to be made. The study, and possible action, will be made by Van Deerlin's own House Committee on Interstate and Foreign Commerce, so it is likely that action will be forthcoming, pronto.

But what about the trash and garbage problem here in Lemon Grove and Spring Valley? Homemakers are caught in a squeeze between a dump charge invoked last month by the Board of Supervisors and an unseemly large increase in rates by local trash collectors. Collectors' increase bothered Supervisors because of the hue and cry which came from local residents. The Board admitted that the increase by collectors was out of proportion to the increase in rate invoked at the dump. The Board talked briefly about controls on professional collectors.

Citizens dump patrons, who had free use of the facilities are now charged 25c to 75c for each trip into the dump. This, we believe, will cause citizens a little more prone to (Continued on Page 4)

### Bid Accepted For Route 94 Landscaping

United Sprinkler Co. and J. E. Slover of South El Monte was low of 6 bids for landscaping portions of State Route 94 Freeway between 22nd street in San Diego and the Campo road-Palm avenue interchange, announced Jacob Dekema, District Engineer for the California Division of Highways. The low bid quoted was for \$300,433.87.

Dekema said the first unit will begin at 22nd st. in San Diego and run 2.3 miles easterly to just east of Home ave. A gap of 0.4 mile will be left for the future Interstate 805/94 interchange and Unit 2 of the landscape project will continue to Palm avenue.

Planting will include 2,421 shrubs, mostly Plumbago, Lantana, and Meda Leuca; also 782 trees, mostly Eucalyptus varieties, and 1,249,300 ice plant cuttings for ground cover.

Second and third low bids were submitted by Ricono Construction Co. of Pomona and Imperial Landscape of Brea, quoting bids of \$331,158.80 and \$336,216.98, respectively.

The bids are now under consideration by the Director of Public Works and if found to be satisfactory, work could be under way within 30 days, with completion expected by the end of the year.

### 5,500 Students To Register At Grossmont

Grossmont College is prepared to enroll as many as 5,500 students for fall semester day and evening courses, during a three-day registration period on September 5, 6, and 7. Over 6,500 prospective students have taken placement tests and received programming interviews to qualify for enrollment.

Dr. Robert N. Burnham, vice president for student personnel services, in commenting on the anticipated increase in enrollment over last fall when 4,871 students were registered, stressed the importance of prospective students keeping their assigned registration appointment.

Dr. Burnham said, "Prospective students should bring their planning work sheet, registration packet, schedule of classes and catalog with them at the appointment time. Students will be registered by appointment between 12 noon and 9 p.m. on Tuesday and Wednesday, September 5 and 6, and between 8 a.m. and 4 p.m. on Thursday, September 7."

### Burgener Guest At S.D. Dinner

Sen. Clair W. Burgener (R-San Diego), of the 38th State Senatorial District, will be the principal speaker at the annual dinner of the Sheltered Workshops of San Diego, Inc., at 7 p.m. Sept. 14 at the Kona Kai Club on Shelter Island, San Diego.

For Hamilton G. Stalnaker, Jr., painting is not a hobby, it's a way of life. And for Mr. Stalnaker its been both a profitable and rewarding one.

The Spring Valley resident has his studio at his home, 1946 Sweetwater rd. In a structure down a pathway from his house lies the many paintings which he will exhibit Saturday and Sunday at the San Diego County Art Mart Association 14th Annual Fall Arts and Crafts Mart in

Balboa Park.

Stalnaker is rated near the top, if not the best, artist with works on display at the Art Mart exhibit. Along with Bob Landry, former Spring Valley resident and now a Lemon Grove product, the pair gives the area top representation in the realm of art in San Diego County and also up the California coast.

Stalnaker, professional painter for 18 years, will have 10-14 of his works on display at

the Balboa Park event. Of the entered paintings, Stalnaker estimates he will sell about six of them.

"That's about the average mark for one of the exhibits," stated Stalnaker, an accomplished artist who specializes in ocean seascapes and desert settings.

"I usually take in about \$1,500 dollars for each one of the exhibits," he estimated, which makes it plain to see that painting is a livelihood

for the father of two.

"I'd have to consider painting a business. When I started out at the age of 12 it was a hobby of course. But when I returned from the war in 1945 I began to form my career as a professional artist. I sell about 90 per cent of my works."

He spent five years studying and teaching at the San Diego School of Arts and Crafts. He went on to hold private teaching lessons in his studio, before deciding to devote all his time to the creation of canvas masterpieces.

"When I first started out, most of my paintings were (Continued on Page 3)

### CoC May Lead Ambulance Drive

The Lemon Grove Chamber of Commerce Tuesday took a look at the problems of supplying residents with ambulance service through the local fire district.

While no direct action was taken, president Bob Browne said that the station wagon used by the fire chief could be converted to ambulance service at small cost to the district. The chief, he said, could be given something a little less expensive to drive.

The subject has been recurring at chamber meetings and it is probable that a committee will be soon emerging to study the ways and means of supplying ambulance service to local people. Browne said he will appoint a committee after additional study to make certain that residents want such service.

In other action the Chamber agreed to rejoin the Convention and Tourist Bureau at \$72 a year.

### Grove Man Completes Insurance Training

LEMON GROVE — Ross L. Kingsbury, 8027 Mt. Vernon st., Lemon Grove, has completed a special 40-week professional course in advanced life insurance underwriting.

**WORKS OF ART:** Hamilton G. Stalnaker, 1946 Sweetwater rd., Spring Valley, looks over one of the painting he will enter this weekend in the 14th Annual Fall Arts and Crafts Mart sponsored by the San Diego County Art Mart Assn.

Stalnaker, a professional painter for 18 years, will have about 14 of his works on display at the Balboa Park event. Four other artists from the Spring Valley-Lemon Grove area will be participating in the exhibit.

## This Sunday

Love is patient and kind; love is not jealous or boastful; it is not arrogant or rude. Love does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrong but rejoices in the right. Love bears all things, believes all things, hopes all things, endures all things. Love never ends; as for prophecy, it will pass away; as for tongues, they will cease; as for knowledge, it will pass away. For our knowledge is imperfect and our prophecy is imperfect; but when the perfect comes, the imperfect will pass away. I Corinthians 13:4

#### In Valley Sunday

The First Baptist Church of Spring Valley will have two guest speakers this coming Sunday. At the 11 a.m. worship service, Navy Chaplain Lt. James Eckles will bring the message and at the 7 p.m. service, layman Larry Lipska will deliver the message.

### Hearst Group To Publish Youth Magazine

Richard E. Deems, president of Hearst Magazines, announces March publication of EYE, a new magazine for young people 16 to 20. "The magazine is being launched," said Deems, "because there exists a communications gap between media and the young 'new' generation."

Priced at 50 cents, EYE will be a highly innovative, provocative, uninhibited reflection of what's happening in all aspects in the lives of America's 26 million youths. But it will also focus on young people the world over.

### Coin Boxes Stuffed

Twelve coin machine boxes and washers were pried open and \$15 dollars in change was removed in a theft at the George's La Presa Laundry last week. The laundry is located at 8915 Jamacha rd., Spring Valley.

### Rev. Barber, New S.V. Resident Tabbed Vista-La Mesa Minister

C. N. Barber, Jr., well known Disciple of Christ minister, started his pastorate at the Vista-La Mesa Christian Church last Sunday.

Rev. Barber comes to the La Mesa church from the First Christian Church in Hemet, California, where he has served as minister for the past seven years. A leader in the Disciples of Christ movement, he has been active on numerous commissions.

A graduate of Phillips University in Oklahoma, he received his BA in 1956 and his BD in 1960. He also attended Oklahoma City University.

Reverend and Mrs. Barber and their three children, Steven Russell, 10; Sandilyn, 8 and Shaun Mark, 3, have moved to their new residence at 3930 Agua Dulce blvd., Spring Valley.

Both Reverend and Mrs. Barber come from families with long Christian Church affiliations. Mrs. Barber's father was, for many years, a Disciple of Christ minister and served as Kansas State Secretary of the church.

A congregational reception for the Barbers will follow later this month.

Dr. Leland Cook has served the Vista-La Mesa church during a period of eight months

while the church was making its ministerial selection and will continue his interim ministerial work in behalf of the Disciples of Christ churches.

### L.G. Congregational Church Sets New Fall Schedules and Workshops

New schedules and new departures in worship and Christian Education will characterize the opening of the fall work of the First Congregational Church, United Church of Christ, of Lemon Grove this Sunday. Services at 9 and 10:30 a.m. with simultaneous classes in Christian Education will be the order of the day, according to the Rev. Ernest M. Fowler, minister and the Rev. Michael E. DeVore, associate minister.

Worship in the 9 a.m. service will depart from the usual in that the form of the worship will become secondary to the actual experience of worship for worshipers and ministers. Working together with other churches of the area and the Western Behavioral Institute, La Jolla, the Congregational Church will offer an opportunity to explore new dimensions in the central area of the church's work: the relation between people with God and people with each other. The aim of the services will be to meet the needs which every person has in his life. It is felt that such needs are often sacrificed in the usual, formal procedures which are followed traditionally.

"The Department of Christian Education in the local United Church of Christ, which is located off San Miguel on Glebe rd., has a full staff of competent teachers prepared to teach one of the most advanced curricula offered in churches of our day." This statement offered by Rev. John DeVore, newly-arrived Minister of Christian Education, suggests the aggressive drive which this department is prepared to make toward good goals in growth and workable faith for children and youth. Identical curriculum will be offered at each of the scheduled hours, 9 and 10:30 so that groups in classes may be small enough for individual attention.

Although one of the oldest Protestant churches in Lemon Grove, the First Congregational Church has long been dedicated to exploring the new ministries which are constantly needed in today's world.

The Rev. Ernest M. Fowler,

minister of the church, has stated that in addition to the ministries of worship and Christian Education, the church is also offering this year, in conjunction with the Grossmont Adult School, a Nursery School which is co-operative in nature and will seek to work with parents as well as children. Date for the opening of this school will be announced in the near future. Those who wish to register for it will do so at the Grossmont Adult School.

Other offerings of the church include Toastmasters Club for men; Senior Citizens activities on alternate Mondays; youth groups for junior high, senior high and college

age young people; couples' organizations and Children's Creations Workshops, the latter being scheduled from time to time. Ministries such as are offered by churches in their normal programs are also available, such as pre-marital counseling, sensitivity groups for those who are anxious to get at better answers to the problems of their lives and referrals for those whom the experienced counselors at the church feel need additional therapy.

The First Congregational Church is open to all who are seriously seeking opportunities to worship, serve, learn and grow together with an open, eager congregation.

### Bible Telecourse Session Set At La Mesa First Methodist

"Christ and the Meaning of Life" is the title of a new Bauman Bible Telecourse to be offered during a 13-week semester by the Commission on Education of the First Methodist Church of La Mesa. Each session will be shown four times weekly to allow attendance by as many as possible at convenient hours. There will be two showings Sundays — 10:30 a.m. and 6:45 p.m. — and two on Wednesdays — 10:00 a.m. and 7:30 p.m.

Each lesson of this unique film presentation has two parts; the first half hour is a lecture by Dr. Edward W. Bauman, nationally known Bible scholar who originated the series over T.V. stations in the Washington, D.C. area. The second half hour is a discussion between the instructor and the studio class which consists of a widely divergent cross section of educational, religious, and cultural backgrounds. Live comment and

discussion will also follow each presentation.

Participation is open to the public and attendance at any of the opening sessions on this Sunday or Wednesday, Sept. 13 is encouraged without charge or obligation. A fee of \$3 per person (\$5 maximum per family) will be made for those who formally register for the entire course. Additional information is available from the church office.

### Vista-La Mesa PTA

The Vista-La Mesa PTA Board held its first meeting of the year on Tuesday. Plans for the ensuing school year were discussed.

The meeting was held at the home of Mrs. Charles Chiles, 4121 — 69th st., La Mesa. Hostesses for the evening were Mrs. Paul Salata and Mrs. Charles Chiles.

The expression "regresar a la escuela" (return to school) is being used more frequently about this time of year. Some "alumnos" (students) are "muy feliz" (very happy) and others are "muy triste" (very sad).

Whether "triste" or "alegre," no one can deny that "Septiembre" is here again and another school year will begin "muy pronto" (very soon).

There will be "libros" (books), lapices (pencils), "plumas fuentes" (fountain pens) and "papel" (paper). There will also be "profesores" (teachers), "tarea" (homework) and "viejos amigos" (old friends) as well as "amigos nuevos" (new friends).

On the sports scene there will be "futbol" (football) and later "basketbol" (basketball). The "jadores" (players) will enter "los juegos" (the games) with "gusto" (pleasure) and leave with the knowledge that they are better "caballeros" (gentlemen) for having played the game well.

We salute the new school year and look for it to be "un gran exito" (a great success). Some expressions which might help interested Spanish students are presented in the following practice phrases. Read them over and practice saying them from the phonetic guide. Then dial 276-2762 where you may continue to practice them

done by observing the outdoors. But now I stay in my studio and paint these seascapes and deserts from my head and I create what I think should be seen in a picture."

"I paint for the public, for they're the ones who purchase my work," Stalaker explained. "But still I'm able to project myself into the work and create what I think is needed in the particular picture."

"I know now from experience what has to go into a painting, and that's what I concentrate on," he added.

Stalaker considers himself a conservative painter. He captured first place at the San Diego County fair ten years ago, but hasn't entered since.

"The fair used to have competition from conservative and modern painters," said Stalaker. "But now the competition is strictly modernistic and they've disregarded the conservative approach."

The local resident has been a member of the San Diego Art Mart Assn. for 18 years and estimates he enters about six exhibits a year with the group, along with some exhibits with the La Jolla Art Assn.

"The Art Mart group has one great service for the artists in the San Diego County area through its publicity. It has brought art experts from up and down the coast to buy the local productions."

The association is also gaining national recognition according to Stalaker. The majority of the progress has been made in the last three years he added.

Stalaker pointed out the use of the painting knife as one of his most successful techniques. He has been applauded for his effective use of color and brush with bold colors.

Four other local artists will be exhibiting at the Art Mart this weekend. They are: Helen Goodall, 9327 La Mesa; Spring Valley; Almee and Robert O'Toole, 9902 Jamacha Blvd., Spring Valley; Natalie Simpkin, Star Route, Spring Valley; and Nora Thompson, 786 Central Ave., Lemon Grove.

The Mart, tabbed the largest of its kind in the county, will feature more than 25 artists in areas including ceramics, sculptures, woodwork, jewelry, oils, pastels, water colors, enameling, rug-weaving, leather work, and glass work.

There will be daily demonstrations by artists and their works will be put on the block or sale. Admission is free to the public.

## S.V. Kiwanis Group Sets Oct. Picnic

The annual "Pancake Festival" of the Spring Valley Kiwanis Club has been set for Saturday, Oct. 7 at the Mt. Miguel High School cafeteria. Serving will be from 7 a.m. to 7 p.m., with tickets at \$1 donation for adults and 50 cents for children under 12 years of age. General chairman for the event is Ron Svalstad, Spring Valley attorney and a past secretary of the club.

Guest speaker at the Aug. 30 meeting of the S.V. Kiwanis Club was H. J. "Ted" Bliss of the Goodyear Rubber Co. He talked on and showed slides of Litchfield, an up and coming city near Phoenix, Ariz. The townsites were purchased by Goodyear back in the 1920's and has been in a state of progress ever since. A new Los Angeles freeway is in the planning stage, to shorten traveling time between Litchfield and L.A. There are to be four neighborhoods in the city and plans are under way for shopping areas, homes for workers, schools, recreational facilities, including two golf courses, swimming pools, and even a body of water for fishing and miniature sailing for the younger set.

Bliss said several large manufacturing concerns have shown interest in the area. Asked about the cost of property, he replied that the cost of an average lot runs about \$4,000.

## Local Art Assn. Schedules Tea

A tea honoring two artists who open a new show at the Ben Pollock Memorial Fine Arts Center, 8053 University Ave., La Mesa will be from 2 to 4 p.m. Sunday. Their paintings, along with paintings of members of Foothills Art Association, will be on exhibit every Saturday and Sunday from 1-5 through October 1.

Helen Hill a long time member of Foothills Art Association will show mostly oils.

Georgiana Lipe, guest artist of the month, will exhibit watercolors and other media. She was at one time medical illustrator on the staff of Vanderbilt University where he illustrated medical books and research papers in medical journals. She also illustrated for Rochester University School of Medicine. She is a member of Medical Illustrators of America and of the La Jolla Art Association and she and Dr. Lipe reside in La Jolla.

## Air Force Mothers To Meet Monday

The U.S. Air Force Mothers, Flight 22, will hold its usual monthly meeting on Monday at 7:30 p.m. at the Lemon Grove Youth Center, 314 School Lane.

Many newly eligible mothers are invited to this meeting this month, due to their sons' daughters' recent enlistment into the U.S. Air Force. A membership drive has been in Flight 22 since April and anyone interested in joining is welcome.

Also at this August meeting, Lanny Morlan, USAF, will show slides of Vietnam that he took while recently being stationed there at Bien Hoa Air Base.

## Deddeh Dinner Set For Kona Kai Club

The Deddeh for Assembly Committee will sponsor a testimonial dinner for Assemblyman Wadie P. Deddeh, 77th District (D-Chula Vista) on Thursday, October 5, at the Kona Kai Club, Shelter Island.

The evening will begin at 6:30 p.m. with a no host cocktail hour and will continue with dinner being served at 7:30 p.m. A Democrat of national prominence will deliver the keynote address. Entertainment will also follow the dinner.

Miss Betty Lou Ginn

ENGAGED: Rev. and Mrs. Lewis Ginn of 901 Mariposa, La Mesa, announce the engagement of their daughter, Betty Lou, to Gordon Olson, son of Mr. and Mrs. Gerald L. Olson of El Cajon.

The bride to be and her fiancé both are graduates of Grossmont High School and San Diego State College. Mr. Olson graduated with high honors and distinction in the field of psychology and will be entering the University of Arizona and Tucson, Arizona for his graduate work. Miss Ginn is employed as a social worker for the County of San Diego.

A wedding for the summer of '68 is planned.

## Ce Follies Start Tonight

More than 100,000 persons are expected to see the 1968 World Premiere engagement of Shipsteads and Johnson Ice Follies which opens tonight at the San Diego International Sports Arena and continues through Sept. 14 with 16 major revues.

Opening night will be a benefit performance sponsored by the San Diego Chamber of Commerce. There will be a 50 percent increase in price for this special 8 p.m. production.

## Local Head Reports Kiwanis Board Move

The Kiwanis International Board of Trustees has given a record as offering the services of the organization to 70,000 members in 5,200 U.S. communities to the United States government in its current efforts to discover the reason for, and to determine the remedy for, civil disorder.

The resolution sent to Governor Kerner on August 10, 1967, was adopted unanimously by the Board, meeting in Chicago in early August at its annual midsummer session. The resolution was wired to Governor Otto Kerner of Illinois, chairman of the Advisory Commission on Civil Disorders.

WHEREAS the outbreak of serious civil disobedience in the cities of our nation has caused great concern to our people;

And, WHEREAS Kiwanis International, dedicated volunteer community service organization, has a deep concern with a resolution adopted at its 52nd annual international convention in Houston this summer, calling for rededication to the principles of respect for law and support of established law-making procedures and peace-keeping agencies;

And, WHEREAS this resolution is a guideline for the rendering of that aid with the power of the private individual and his organization, as related to the present law and order crisis;

And, WHEREAS there has been a lack of decisive action, in most instances, in preventing and stopping civil disorders;

BE IT THEREFORE RESOLVED, that we reaffirm our position in respect to law and order and demand that those in positions of leadership in government take whatever steps necessary to bring riots to an immediate end, and

BE IT FURTHER RESOLVED, that we urge all Kiwanis clubs in the United States to increase their efforts in support of law and order in their local communities and in their activities that will help alleviate the causes of unrest.

RESCUE PILOT: Lt. J.G. John McMinn (left) is presented with a membership card in the Lemon Grove Men's Club by Mr. Steve Tallion, the Secretary-Treasurer. McMinn, just returned from 7½ months of duty with helicopter pilot-rescue squadrons operating from the Gulf of Tonkin, told the club of the history of the helicopter and of the Navy's rescue forces for pilots downed inside enemy territory.

burn excess papers and pollute the air. He will also be more resistant to gathering trash strewn about the neighborhood because he'd have to pay a dump visitation fee all the sooner. That means there'll be more trash littering our communities in spite of the outstanding job being done by the anti-litter campaign people.

The dump charge, we think, is a foolish bit of county government business because it throws an extra cost burden on keeping the community clean. To follow the Supervisors' logic to the end, citizens may soon be required to pay an added trash charge by which county-employed people would go about each community gathering up debris as it is often done on state highways.

One of the immediate things the Supervisors should do is to make a study of forming trash districts. Such districts would operate its own collection service and anti-litter campaign — and probably do it for a whole of a lot less than the present collector's fee-visitation fee costs.

### Package Deal For LBJ

Who needs a Madison Avenue grey-flannel suiter to tell LBJ how he can regain his flagging popularity?

Nobody. Just ask us! It's package deals. Package deals is the gimmick in sales pitches today.

Buy a freezer and get half a hog free. Buy a suit and get an extra pair of pants free. LBJ can earn instant appeal if he packages two offsprings of his social philosophy.

For example: He says that many people are bothered by rats and he recommends strong medicine to alleviate this.

Many people are bothered by civil disobedience although he takes little official note of this. But he knows it's there. He could make a package deal out of the two and have a popular, saleable program.

Let's see. He could call it LBJ's Rat and Civil Disobedience Eradication Program. The deal would be to buy civil disobedience control and he'd throw in the rats.

It may not be much of an attraction for deep thinkers but the impulse buyers would certainly go for it in huge numbers.

The problem would be how to separate the rats in one program from the ones in the other.

## Miss Charlotte Nicolson, Former Postmaster, Dies

Services were held Wednesday for Miss Charlotte Nicolson, 85, former postmaster of Lemon Grove.

Miss Nicolson, who lived at 8298 Adams st., Lemon Grove, died Friday in the Lexington Rest Home in El Cajon.

Born in Colorado, she moved to this area 55 years ago. She became a clerk in the Lemon Grove Post Office in 1917, appointed postmaster in 1941, and retired in 1949. She was succeeded by Frenchy Faucher, present postmaster.

## Trailer Coach Fees Provide School Money

SACRAMENTO — State Controller Houston I. Flournoy announced the semi-annual apportionment of \$6,608,745.46 among counties, cities, and school districts of trailer coach fees for the first six (6) months of 1967.

San Diego County's share was \$541,540.40.

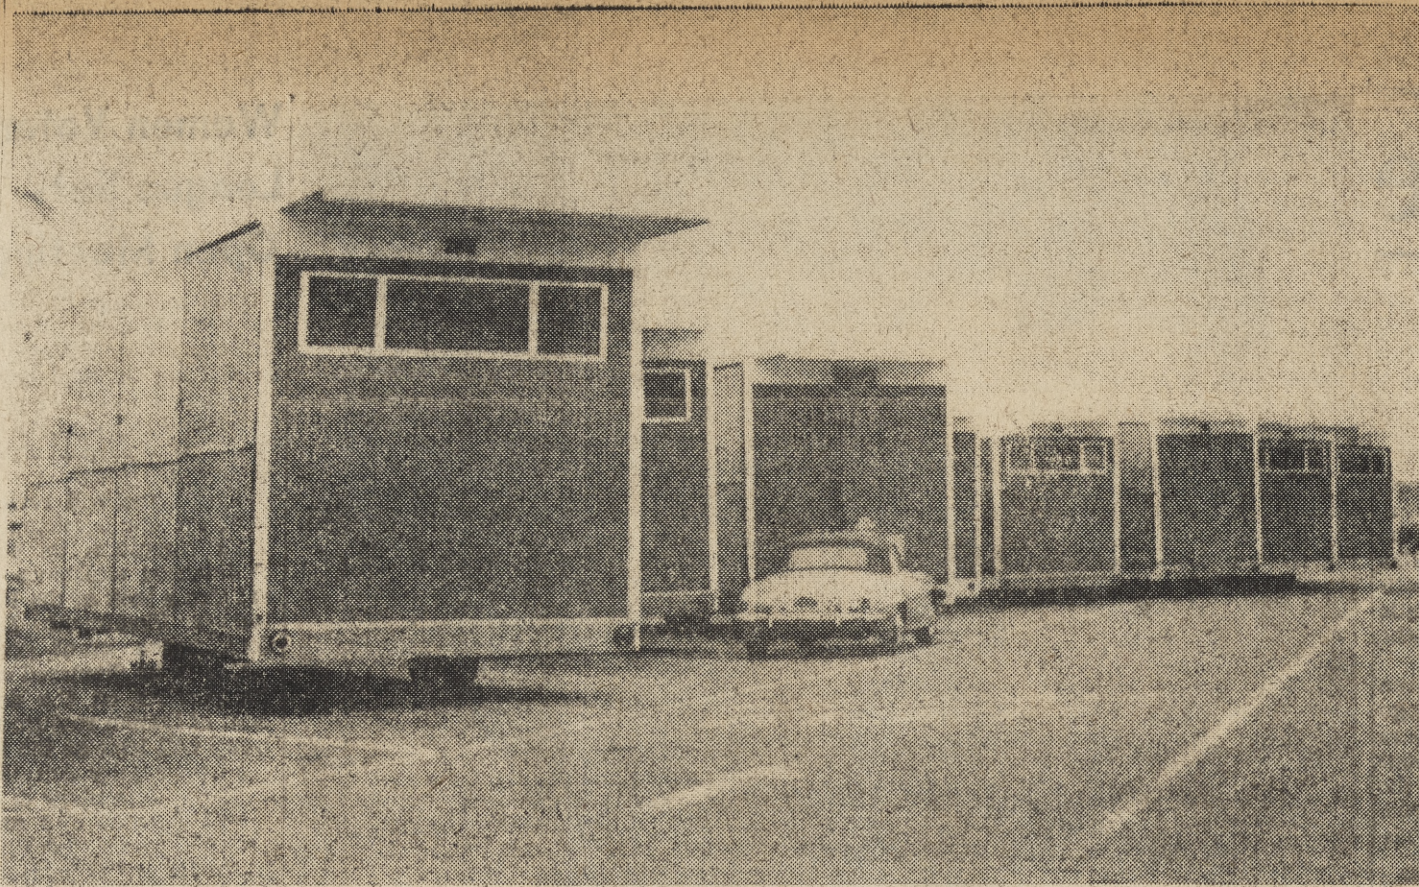

The Vehicle License Fee law provides that license fees be paid on all trailer coaches registered in California, and provides for semi-annual apportionment of the revenue therefrom, to the counties on the basis of the registered addresses of the vehicles.

## Three Civil Service Electronic Jobs Open

The Interagency Board of U.S. Civil Service Examiners for San Diego and Imperial Counties announces that applications are now being accepted for: Electronics Mechanic, \$3.75 per hour, Annet. No. FD-740; Electronics Mechanic, \$3.57 per hour, Annet. No. FD-741; and Instrument Mechanic, \$3.66 per hour, Annet. No. FD-762, for filling vacancies as they occur at Federal Government establishments in San Diego and Imperial Counties, California.

Interested persons may obtain application forms at the Post Office in El Centro for Imperial County, or at the Federal Job Information Center at 1400 Fifth Avenue in San Diego. Applications should be filed with the Interagency Board of U.S. Civil Service Examiners, 1400 Fifth Avenue, San Diego, California 92101. Applications will be accepted until further notice.

The sections will be connected together to form additional study halls and classrooms to alleviate the overcrowding student problem at the local high school.

## LM-SV School District Faces Hike In Enrollment, Classes

An increase in student enrollment, the addition of 27 new classrooms and the strengthening of the instructional program highlight the opening of the new school year in the La Mesa-Spring Valley School District, according to Glenn E. Murdock, superintendent of schools.

Enrollment as of October 1 is expected to be 14,400 — an increase of approximately 300 over last year. Peak enrollment this school year will be about 14,800. Ninety-five new teachers have been employed. Twenty-seven will staff new special classes and new classes resulting from an increase in student enrollment or from state mandated reduction in class size. Other new teachers replace those who have resigned or retired.

Twenty-seven new classrooms financed by the state building aid program will be occupied as they are completed during the first few weeks of school, Murdock said. Included are eight rooms designed to house classes for the educationally handicapped and 19 rooms for regular classes. New rooms will be located as follows: Avondale, 4; Brier Patch, 4; Fletcher Hills, 4; Highlands, 4; Kempton Street, 2; La Presa, 2; Maryland, 2; Murray Manor, 1; and Rancho, 4.

Three classes for the educationally handicapped have been added at the elementary level and additional students will be enrolled in the same

A pilot program at the kindergarten level, which will also provide more time for individualized and small group instruction, has been authorized for La Presa Elementary School, Murdock said.

Effective immediately, there is no waiting list for kindergarten as all eligible children will be enrolled. Murdock said in order to accommodate all pupils it may be necessary to make some class adjustments during the first weeks of school.

New state science textbooks will replace all outdated texts in grades 1 through 8. The books are intended to support

the junior high instructional program in science which is designed to help youngsters develop concepts and learn relationships, as well as acquire facts.

## Sen. Kuchel Demands Fund Increases

Senator Thomas H. Kuchel called upon his Senate colleagues to "make it indelibly clear that we will insist on the necessary increase in funds" for the currently deadlocked Impacted Areas Program for local school districts.

"Even now it is too late for these valuable Federal contributions to have their maximum effect because of the delay in planning caused by the tardiness of this important legislation," the Senior Senator from California said in the Senate.

The Impacted Areas Program permits the Federal government to pay certain extra school costs to local districts faced with increased school enrollment from Federal installations, either civilian or military. The Senate voted \$450 million for the program in the coming fiscal year, but the Administration and the House of Representatives asked \$33.8 million less. The issue is currently deadlocked in a Senate-House conference.

## L.G. Pair In Local Swim Meet

Robert Denlinger and Sandra White of Lemon Grove will be participating in the La Jolla Water Swim, Sept. 10, at La Jolla Cove.

The rough water race at 2 p.m. is the featured event of an Aqua Fiesta starting at 11 a.m. Other competitive events include the Junior Rough Water Swim and the Pacific Coast Paddleboard Championships.

The entry of Gloria Pentland of Chula Vista insures the swim event of both its defending champions. Andy Strenk of Los Angeles Athletic Club, who won the men's title last year and three years before, had entered previously.

Miss Pentland, recent winner of the Pacific Southwest Amateur Athletic Union Women's 400 meter freestyle title, scored her first women's division win over the one-mile course at La Jolla last year. Other entrants include Robert Zryheid of La Mesa.

## Mrs. Helen Bush Passes at 76

Services were held Wednesday at Greenwood Mortuary for Mrs. Helen G. Bush, 76, of 3640 Costa Bella, Lemon Grove.

Mrs. Bush, a housewife, died Monday in Mt. Helix General Hospital.

She was born in Nebraska and lived here 8 years. Cremation followed the services.

## County Tax Rate Up As New Budget Rises

San Diego County's property tax rate rose 5.7 cents over last year as the Board of Supervisors fixed the property rate for the 1967-68 year.

The increase was needed to balance a \$19 million increase to \$143.4 million for the area. This marks the third year in a row the county tax rate has increased. It now stands at \$2.39 per \$100 of assessed valuation.

The rising costs of welfare and law enforcement, coupled with a \$3 million salary hike for county employees, was cited by County Administrator T. M. Heggland as reasons behind the budget increase. It was pointed out the current rate is still lower than that assessed in most California counties and is well below in 1951 mark of \$2.52.

In another move by the county board, the library tax rate was hiked from 11 to 12.8 cents. This increase will affect residents of unincorporated areas, including Lemon Grove and Spring Valley.

The rates in the fire districts showed Lemon Grove's tax rate declining from .713 to .702, and the rate in Spring Valley changing from .993 to .929.

## Youth, Senior Citizen Leagues Opening at Golden Bowl Lanes

Bowling for persons of all ages is being made available at the Golden Bowl lanes at 9805 Campo rd., Spring Valley.

This Saturday at 10 a.m. is the beginning of the season for the Junior League; Bantams, Juniors and Junior-Senior divisions.

All senior citizens interested in bowling are being urged to attend a meeting tomorrow at 1 p.m. at Golden Bowl. A league is being planned to begin Friday, Sept. 15. Full particulars will be given at the Friday meeting.

Winter bowling has begun at Golden Bowl and already a report is in on a league standing: "900" Classic; a four-way tie for first place between Team No. 5, Lophshire Plastering, Team No. 7 and Owen's Richfield, with 2 wins and one loss. Tied for second

place are Team No. 3, Team No. 8, Team No. 6 and Team No. 2, with one win and 2 losses. (The teams with numbers have no sponsors).

With the windup of summer bowling, here are some final standings.

Golden Friendly Gals: Clean Rite in first; Rosita's Mexican Food, second; Log Cabin, third and The Yo-Yo's, 4th.  
Paws and Squaws: Streamliners in first; 2, Two Pair; 3, Odd Lot and Team No. 3, tied; and 4, The Hazbeens, Team No. 5 and Four Aces, tied.

Nuggeteers: Cook's Welding in first; 2, Golden's Averages; 3, Red Carpet Beauty Salon; and 4, Penny's Hairstyling.  
Pyrites: Oro-Ettes in first; 2, Golden Fools; 3, Rolling Stones; and 4, Jolly Trio.  
Goldenettes: Quiet Ones in first; 2, Timber Tumblers; 3, tie between May Bees and Three If's; and 4, Gilded Lilies.

His and Hers: The Ringers in first; 2, Desperadoes; 3, El Cajon Grand; and 4, Sandbags.

Gold Dusters: The Half Past Three in first; 2, Captain Bligh's Team; 3, Tall Wons; and 4 (by 1/2 a game) Pin-ettes.

Gold Cup Classic: Team No. 7 in first; 2, The Invaders; 3, Team No. 2; and 4, Team No. 8 and Team No. 6, tied.

Dubl-Trubl: PJ in first; 2, Team No. 9 and A and M, tied; 3, The Ch-Ch's; and 4, Lucky 7.

Casa De Oro Trio: The Golden Three in first; 2, de-construtors; 3, Club 94; and 4, a three-way tie between The Invaders, Sooners and Starlight Plumbing.

Mr. and Mrs. The Fighting Four in first; 2, Greenfield Patio; 3, Would You Believe; and 4, If's.

Chiefs And Squaws: The Lucky Four in first; 2, The Four Kaufman's; 3, The Peanuts; and 4, Skyliners.

**Navy Mothers Slate Luncheon Next Week**  
The Navy Mother's Club will have its regular meeting next Friday at 12 noon at the Armed Services Y.M.C.A., 500 West Broadway. A sack lunch, coffee, and dessert will be served. Commander Francis Estrom will preside.

## Whirlpool

by Steve Wapnowski

You probably have two questions troubling you already. Well, if you don't I do. First, why is the column called the "Whirlpool"? and second, why have a sports column at all?

To get this column off on the right foot, I'll answer the second question, first. It would be impossible to determine accurately the role played by sports and recreation in our communities of Spring Valley and Lemon Grove. But I will waste no time in going out on the limb with a prediction. I'll estimate that 50 per cent or all the families in the area are involved, in some way or another, with sports. This involvement takes many shapes and forms, including youth sports, school activities, recreation centers, adult recreation and more.

So, we won't be starved for copy.  
To answer the first question, you have to know a little bit about the locker room facilities in an athletic building. One of the key pieces of equipment in the locker room is the whirlpool bath, the haven for the broken-down ball-player. The whirlpool is a soothing, bathing device which takes the sting out of the many wounds our athletes suffer on the field of battle. This doesn't mean that the column will be directed to stories of wash-up injured players. The idea is that the whirlpool is often the center of activity when sports are discussed.

Now that you're totally confused, I'll tell you some of the things which will be featured in the column. I'll try and keep my ramblings tuned to local happenings and people, but every once in a while I'll give you the opportunity to dissect me after I air some views on national sports issues. We'll look for some sidelights on area boys in high school and college football and all other prep and collegiate events. We'll take a look at the ways the adults try to keep up with their youngsters on the sports scene and other odd tid-bits that may fall prey to my pen.

Let's hope we haven't lost too many readers during this introduction, for now we'll get down to business.

Charger fans, don't despair. We can say our boys have not yet begun to fight, but it sounds more realistic to say "They have not yet begun to play". When the Chargers played the Rams they faced the second best defense in pro football. The Green Bay Packer defense is in a league of its own. A little note on the World Champions: Some people say there are three leagues now: the American, National and the Green Bay Packers. But, let's get back to the locals.

We can rationalize that the Chargers had to face the Fearsome Foursome, plus seven, without their aces Lance Alworth and Gene Foster. Let's be generous and say this pair adds 14 to 20 points to the Charger offense. But, then how many points do we allot the Rams if Dick Bass, Tommy Mason, and Tom Mac Donald had played. The Ram first string backfield didn't play a minute of the game. So, we didn't gain anything on that angle.

Another rationalization states that it would have been a different game if the Rams hadn't received all those breaks in the first quarter. Let me clear up a popular misconception on the part of losers. Pass interceptions are not breaks. They are part of the game and come as a result of aggressive play on the part of the defense. The Rams outplayed the locals on two plays to gain the interceptions, and the resulting touchdowns are just as deserving as a six-pointer scored after a masterful 80-yard drive.

The Chargers can't help but improve, and are definite contenders in their "own" league. The only worry we have now is not a poor showing by Sid Gillman's group, but a poor showing by the fans. Good fans back their team, not the team's won-lost record. The next few weeks will determine the caliber of fans in the area. A poor fan turnout could break the back of our drive for the acquisition of a pro baseball squad.

A local note: Shorty Bannister of Lemon Grove should be tabbed the Knute Rockne of Pop Warner football in the area. The spunky little coach is barking orders and formations to local boys for the ninth straight season and is in the process of molding another winning Midget team. The Los Toros Pop Warner Assn. will be playing all its games at Mt. Miguel High and we can be thankful that the Grossmont District has allowed the boys the use of the facilities. Another area school district has repeatedly denied Pop Warner the use of high school fields.

We're off and rolling now, and next week we'll stumble into a new high school football season as we take a look at Mt. Miguel, Monte Vista, and Helix prospects for 1967. I may cut my throat and start throwing out some weekly predictions on games.  
Happiness is your own sports column.

## Local Girl Allowance Winner

Susan Jurchenko, 10, daughter of Mr. and Mrs. Steve Jurchenko, 7890 Mt. Vernon st., Lemon Grove, has been judged a winner in Kellogg Sales Company's recent coloring "Allowance" Contest.

The winning results were announced by company vice-president.

She will receive an allowance check of \$5 per week for the next 52 weeks from the Kellogg firm.

Susan will be a fifth grade student at Mt. Vernon Elementary School in the fall and she plans to put most of the money into her bank account.

## Heart Bowling Week Scheduled in Oct.

"Bow! Strike Out Heart Disease!"

That's the slogan for the second consecutive year of Heart Bowling Week, Oct. 8-14.

"Heart Bowling Week is a double-barrel shotgun against heart disease," according to John Perry, secretary, San Diego Men's Bowling League.

"It gives the bowlers the regular, moderate exercise recommended by the Heart Association for reducing our risk of heart attack. At the same time, keggers competing for Heart Bowling Week prizes, are contributing to Heart Association research. This research is striving to wipe out heart disease."

ON THE OUTSIDE: Jim Hitt, number 8 on the outside, holds a short lead over Odie Robertson of El Cajon during 100-lap main event at the El Cajon Speedway last Saturday night. Closing in on the leaders are Gary Schoot, number 120 of Lakeside, Carl Adams, number 100 of El Cajon,

and Jim McCormack, number 97 of San Diego. Hitt is in seventh place in the point standings at the speedway. A powder puff race featuring Mary Ann Klein of Spring Valley is scheduled for this Saturday night.

## Powder Puff Event at Cajon Features Spring Valley Car

The man and the car to watch in this Saturday night's super stock car program will be Ed Hale of Santee. The young racing veteran pulled a big one last week in winning the 100 lap open competition record purse with a wing mounted on his convertible stock car.

Taking the idea from the open wheel racers, the aerodynamically designed wings tend to improve speed in the turns by forcing more weight on the rear tires.

Out to hold his 56 point lead in the championship standing, Tex Kimbrell of Imperial Beach will have to battle this new innovation along with Vance Butler, La Cresta; Russ Bullen, San Diego; Buckley Peralta and Carl Adams from El Cajon. With 21 of the 29 point races gone the stretch drive is on at the local 3/8 mile, paved banked oval.

Stock car attendance has soared with the tight races and faster speeds with 69,252 paid customers an increase of over 12% over 1966.

Special attraction for this

It's what's up front that counts! You bet — and your whole future's in front of you. Even if you've smoked for years, you'll reduce your risk of heart attack to nearly that of a non-smoker, if you quit now, says your Heart Association.

week's meet will be the Women's Powder Puff race with five winners going to the post in the seventh race of the year. Winners are Diane Porter, Paradise Hills (2); Mary Ann Klein, Spring Valley; Marge Fehlberg, Chula Vista; and Jerry Kallos and Jerry Collins of San Diego.

A full 13 event program with 30 lap main event 15 lap semi; four heat races and an 8 p.m. trophy dash.

Jim Hitt of Lemon Grove is currently in seventh place in the El Cajon Stock Car

## Miguel Grad On La Mesa College Nine

Thomas Carroll, 2234 Morose st., Lemon Grove, was listed as an infielder for the La Mesa entry in the California Collegiate League. The area team is currently in second place in the league standings behind Long Beach.

The 5-11 righthander graduated from Mount Miguel where he played varsity baseball and was voted the team's most valuable player in 1967. He also played Little League, Pony and Colt League ball.

He rated his greatest baseball thrill was the smashing of a non-smoker, if you quit right and left-handed in the same game.

Anne Smith, a London school teacher, holds the women's world record for running a mile. She made it in four minutes, 37 seconds.

## Residents Oppose Fed. Aid

Emil Dalaban, 2323 Di Foss st., Lemon Grove, along with 700 other local residents, presented the County Board of Supervisors with a signed petition against any federal urban renewal projects in the Lemon Grove area.

The board meeting at the County Administration Building was the setting for Dalaban's appeal. He is a member of the Citizens for the Protection of Private Property.

The board pointed out that the subject of urban renewal had not been mentioned in the preliminary draft of the county's general plan, but that the petition would be retrieved from the files if the federal urban renewal matter was to come up before the board.

## New Center Planned

SAN DIEGO — A million-dollar, 68,000-square foot shopping center will be built on a seven-acre site at the southeast corner of Mission Gorge and Zion streets, Percy H. Woodwin Co. announced this week.

Stores in the center will include a Safeway, Thrift Drug, and Bank of America.

The masterpiece, The Last Supper, by Da Vinci, is painted on the wall in the convent of the Church of S. Maria delle Grazie, Milan, Italy.

## Southwestern College Offers New Evening Division Programs

The Evening Division of Southwestern College has several new programs that will be offered for the first time beginning with the Fall Semester. Courses will center in the area of appliance repair, aeronautics and law enforcement.

Persons interested in learning to fly will have an opportunity to enroll in a basic aeronautics course designed to cover the requirements of ground school for a private pilot's license. This program will be taught by Mr. Luthern Armstrong on Tuesday evenings between 6:30 and 9:30.

Individuals who wish to learn skills that may lead to employment may want to enroll in radio or small appliance repairman courses. The radio serviceman program will be held on Monday, Tuesday, and Wednesday evenings, and the small appliance repairman program will be offered on Monday and Tuesday evenings. Both the small appliance and radio repair courses are one-semester programs; however, it will be possible for individuals to enroll in a second semester television repairman program.

In an effort to provide individuals with the necessary skills for possible employment in the main libraries operated in this area, a series of courses in Library Technology will be offered. An "Introduction to Library Service" course will be offered on Monday evenings beginning in the fall.

Law enforcement officers will be interested in a Police Science Administration course to be held on Tuesday evenings with Sgt. Don Reinerson of the San Diego Police Department as instructor. The course in written communications is designed to provide practicing law enforcement officers with the skills and techniques used in gathering data in an accurate manner and recording it for future use.

Anyone interested in enrolling in the evening program is encouraged to call the Office of Admissions at Southwestern College between 8 a.m. and 8 p.m., Monday through Friday. Admission to the College must be approved prior to registration. There is no fee or charge for any of the courses offered at Southwestern.

Private bus service for Monte Vista High students living within the two and a half mile limit of district transportation will be offered Paul's Line this coming school year.

The service will begin Sept. 11 for the students who live within the distance limit set by the school district. Students outside of this area travel to school on free district buses.

Fee for the bus will be \$2.00 per ride or \$1.75 for a ten-ride ticket book available at the Monte Vista High bookkeeper's office.

This is the same bus line and same fee schedule used successfully last year at Mount Miguel High.

Tentative route stops will be at: Citradora and Camino Paz, 7:45; Camino Paz and Carthay circle, 7:49; Kenora

## Supps Asked To Drop Aliens From Welfare

County Supervisor Henry A. Boney has called on the Board of Supervisors to take action to cut welfare services provided to resident aliens.

Boney, in a letter to the Board of Supervisors, pointed out that "The Riverside County Board of Supervisors by

unanimous action has ordered that all 'permanent resident aliens' (green card holders) be dropped from the Riverside County Welfare rolls. While state law precludes counties from refusing aid because the applicant is an alien, Riverside County is taking the position that aid is being refused because the resident alien has another source of support."

Aliens residing in the United States have sponsors who sign affidavits guaranteeing in part that he (the sponsor) "will not at any time allow said prospective immigrant to become a public charge while in the United States." Boney asked the Supervisors to take action to.

1. Identify all resident aliens now on public welfare; 2. Obtain copies of sponsors' affidavits on alien recipients from the Immigration Service. (This is already being done where a resident alien has received services at County University Hospital.) and determine the sponsors' ability and obligation to provide for the recipient.

3. Immediately cease aid to the recipient involved when it is found that the recipient has a sponsor willing, able and obligated to assume responsibility.

4. Seek reimbursement from the sponsors for aid furnished to the alien recipient when the amount of aid provided makes such action feasible.

"No alien should be on public welfare when they have a sponsor willing, able and obligated to provide food, shelter and employment," Boney said.

San Diego County recently won a suit to obtain reimbursement from a sponsor for the cost of hospital care provided to an alien welfare recipient. Boney feels it may be possible to take the same approach in obtaining reimbursement for funds provided to welfare recipients.

"I have familiarized myself with the current practices of both the Welfare Department and the U.S. Immigration Service with regard to their handling resident alien welfare cases," Boney said. "Although there is some communication between these two agencies, there is currently no attempt made to accomplish what I have suggested above."

The Town Theater in Columbia, S.C. is the oldest theater of its kind in the country. It is habern in continuous operation since 1919.

## Patriotism Cited In Bond Increase

San Diego County Saving Bonds chairman Philip L. G. Red credited "outstanding patriotic patriotism" of Southern California industry's managers with surpluses in the Treasury's goal of 136.50 New Savers — Payroll Patriots — for 1967, as more than 200,000 were enrolled in additional regular buyers of savings bonds.

San Diego County's Volunteer Chairman reported that the eleven Southern California Counties achieved this success in the eighth month of the 1967 Share in Freedom campaign.

"Before the end of the year we expect to add many more to this record number of Savings Bonds buyers," he said.

# MAP OF ASSESSMENT DISTRICT, IMPROVEMENT ACT NO. 210 COUNTY OF SAN DIEGO, CALIFORNIA

## Re Construction of a Sanitary Sewer System in ZEMCO DRIVE, et al, in the Vicinity of LEMON GROVE, in the Unincorporated Area of the County of San Diego, Area No. 210

**RESOLUTION OF INTENTION**  
On motion of Supervisor Gibson, seconded by Supervisor Austin, the following resolution is adopted: WHEREAS, this Board of Supervisors heretofore designated the Director of Special District Services of the County of San Diego as the Superintendent of Streets and the Engineer to perform any and all duties conferred upon the Superintendent of Streets or the Engineer by the Improvement Act of 1911 in connection with the work and improvement and assessment hereinafter described; and

WHEREAS, the Engineer has furnished to this Board of Supervisors plans and specifications for the construction of a sanitary sewer system in a portion of the unincorporated area of the County of San Diego together with careful estimates of the costs and expenses of such construction, which are on file in the office of the Clerk of said Board of Supervisors; NOW, THEREFORE, the Board of Supervisors of the County of San Diego, in order to the following work to be done and improvement to be made in the unincorporated area of the County of San Diego, to wit:

The acquisition of easements and rights of way for the hereinafter described sewers, manholes and appurtenances in right of way, including public streets, as shown on the "Map of Assessment District" recorded in the Office of the San Diego County Recorder as Document No. 121796, on August 15, 1967, and as shown on the following copy of said "Map of Assessment District":

All of the said work hereinbefore generally described shall be constructed in the manner, to the grades, at the locations, within the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefor, contained in Document No. 391188, on file in the office of the Clerk of said Board of Supervisors and copies of which are on file in the office of said Engineer, and by this reference thereto, all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board of Supervisors hereby determines and declares that serial bonds shall be issued to represent each assessment of Fifty Dollars (\$50) or more remaining unpaid after the last date for payment of assessments, as specified in the statement provided by Section 3890 of the Streets and Highways Code of the State of California. Said statement shall be mailed to each property owner within the assessment district at least thirty (30) days prior to the last date for payment

of assessments. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the next September first following the date of the adoption of the resolution of the principal sum thereof shall be payable, by coupon, on the second day of January every year following the next September first after the date of the adoption of the resolution of the principal sum thereof shall be payable, by coupon, on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall provide that if said bonds are redeemed before maturity and before commencement of proceedings for sale, in addition to all other sums payable, a premium of five percent (5%) of the unamortized principal shall be paid. Said bonds shall be issued and the principal, interest and premium shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

The contemplated work and improvement hereinbefore mentioned is, in the opinion of said Board of Supervisors, of more than local and ordinary benefit to the public and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board of Supervisors do hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows:

All that real property in the County of San Diego included within the exterior boundary lines of said district as shown upon the "Map of Assessment District" recorded in the Office of the San Diego County Recorder as Document No. 391188, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to the map for a full and complete description of the assessment district and the map shall govern for all details as to the extent of the assessment district.

The Board of Supervisors has heretofore directed the Superintendent of Streets in accordance with Section 5254.5 of the Streets and Highways Code to include in the contract a provision for interest on the amount of the work called for under the contract is not completed within the time limit as prescribed by the specifications and contract (or such extension of time as may be granted by said Board), and has fixed the sum of \$50.00 per day for each and every calendar day's delay in completing the work in excess of the number of calendar days prescribed.

It is the opinion of said Board of Supervisors that the public interest will not be served by allow-

ing the property owners to take the contract for the work to be done under these proceedings.

**NOTICE IS HEREBY GIVEN** that on Tuesday, the 19th day of September, 1967, at 11:00 o'clock a.m., in the chamber of the Board of Supervisors of the County of San Diego, Room 310, San Diego County Administration Center, 1620 Pacific Highway, San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors of the County of San Diego, in Room 306 of said San Diego County Administration Center, not later than the hour hereinafter set for hearing. No other protests or objections will be considered. If the person signing the protest is not the owner shown on the last equalized assessment roll, the protest must contain, or be accompanied by, written evidence that such signer is the owner of the property.

The Clerk of this Board of Supervisors is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review, the newspaper hereby designated for that purpose by this Board.

The Clerk of this Board of Supervisors is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to said Clerk, all in the time, form and manner required by law; if property assessed by the State under Section 14 of Article XIII of the Constitution is proposed to be assessed, such notice shall be mailed to every owner of such property at the address thereof shown on the last Board roll transmitted to the County Auditor as required by Section 3070, Streets and Highways Code.

The Clerk of this Board of Supervisors shall, upon completion of the mailing of said notices, file with this Board an affidavit setting forth time and manner of the compliance with the above requirements for mailing such notices.

The Superintendent of Streets shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet (300') in dis-

tance apart, but not less than three in all, notices of the passage of this Resolution of Intention, all in the time, form and manner required by law; and thereupon said Superintendent of Streets shall cause to be filed in the office of the Clerk of this Board of Supervisors an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911" and amendments thereto.

**PASSED AND ADOPTED** by the affirmative vote of all members of the Board of Supervisors of the County of San Diego, State of California, this 15th day of August, 1967, by the following vote: SUPERVISORS: Gibson, Boye, Dent, Austin and Cozens; NOES: Supervisors None; ABSENT: Supervisors None.

**STATE OF CALIFORNIA** ) ss. COUNTY OF SAN DIEGO, ) I, PORTER D. CREMANS, Clerk of the Board of Supervisors of the County of San Diego, State of California, hereby certify that I have compared the foregoing copy with the original resolution passed and adopted by said Board, at a regular meeting thereof, at the time and by the vote therein stated, which said resolution is now on file in my office; that the same contains a full, true and correct transcript therefrom and of the whole thereof.

Witness my hand and the seal of said Board of Supervisors, this 15th day of August, 1967. PORTER D. CREMANS, Clerk of the Board of Supervisors. (SEAL) Kathleen Ellis, Deputy. (L.G. Review Aug. 31 & Sept. 7)

## Battle of Midway Refought For Lemon Grove Resident

by Max Goodwin

The Battle of Midway has been refought for Leonard Arthur Wingo, a Lemon Grove man who was aboard the carrier Yorktown when she was sunk.

The intense and historic battle is described in Walter Lord's new book, "Incredible Victory." Wingo, who lives at 1620 Colfax dr., Lemon Grove, was an electrical technician Warrant Officer when the Yorktown went under — the target of torpedoes of a Japanese submarine.

Lord's book is a minute-by-minute account of the ferocious sea battle of a few days in May-June 1942 of which he said "They had no right to win."

Wingo, who contributed his reminiscences to the book, recalled how he was blown from the deck of the Yorktown as it was being towed back for damage repair. Wingo saw Lord's book for the first time Saturday when he glanced through the reviewer's copy in the office of this news paper.

"It brings back a lot of memories but I wouldn't want to live it again," he said.

Much of "Incredible Victory" is devoted to the Yorktown although she was no more heroic than the rest of the magnificent ships of the American forces in the Midway Battle.

Wingo recalled that the Yorktown had been abandoned on June 4, 1942 after Japanese airmen put her out of commission with two bombs; one of which went down her forward stack. On June 6, Wingo, with 40 salvage and fire personnel, went aboard to put out the fires and level her up.

On June 7, a Jap submarine dove under the Yorktown's green of ships and fired 4 torpedoes. Two of them hit the boiler room, the same room that the initial bomb had wrecked.

The flight deck listed to 76 degrees and the edge touched the water. The list prevented the launching of life boats. Life rafts were available and Wingo, in a life jacket, was in the water four hours. He help

ed get some of the wounded onto the rafts and the Yorktown sank.

Wingo retired from the Navy in 1958 and turned his attention to his family. One son, Arthur, starts at Grossmont College this month. Jerry works for S.D. City schools, and Robert is employed by Rich.

Wingo's present job at General Atomics at Torrey Pines makes him responsible for disposing of radioactive waste. We have to package it and ship it to the Nevada burial grounds," he said. "It's an interesting process."

Interesting, perhaps, but not nearly so exciting as the day our ships won the decisive battle of Midway — the battle "they had no right to win."

"Incredible Victory" is published by Harper & Row. It sells for \$5.95.

The book will thrill every sailor and flyer with its state-to-reportage as it gives to history the account of bravery and dedication by the men of the sea of our armed forces.

**REMINISCING:** Arthur Wingo, 1620 Colfax dr., Lemon Grove, leafs through newly-released book, "Incredible Victory" by Walter Lord. Wingo contributed reminiscences to the book about the Battle of Midway. He was aboard the carrier Yorktown, which was sunk in the historical sea clash.

## Vietnamese Town Like Tijuana Says Airman

A local youth who has completed his tour in Vietnam is home with nice things to say about the South Vietnamese people.

Airman 1st. Class Harvey Boren, 21, son of Mr. and Mrs. Clarence Boren, of 651 Caudill st., Lomita Village, said that the Vietnamese are courteous and clean despite the lack of sanitation facilities

people were uniformly friendly.

Boren said.

Tuy Hoa is a farm community about 70 miles north of Ho Chi Minh. The business community has prospered since the coming of the Yanks and inflation resulted. "There were things for Americans with a lot of money," Boren explained. He said the Vietnamese strongly objected to an inflationary spiral so the

authorities and local government closed the market and merchandise was sold again. Controls were put into effect and prices have stabilized, Boren said.

Merchandise consisted of hats, silk yardage and clothes for women. "Suits and jackets cost about \$20 — the same as in the States," Boren said.

The construction base provided recreation and first run movies for the 500 civilians and 200 military personnel working on the new airfield.

"There was really nothing except the shops to draw us to Tuy Hoa," he said. "We worked from 7 a.m. to 6 p.m. every day and we didn't have much time to become homesick. But I missed home cooking, paved roads, and contact with free Americans," Boren said.

He leaves this week for Travis Air Force Base where he will complete his final year of service.

and utilities. Boren was stationed at Tuy Hoa in a heavy construction squadron, building an air force base.

Tuy Hoa, he said, is much like Tijuana, only smaller — and the people are friendly to Americans.

"We were invited to homes in Tuy Hoa and found the homes uniformly clean in spite of dirt floors, and their
